

SPANISH SOCIETY OF CHEMOTHERAPY

CONFERENCE: UPDATE ON FUNGAL INFECTION

**February 29 and March 1, 2008
Hospital Clínico San Carlos, Madrid
Chairperson: Prof. Juan J. Picazo
Scientific Secretary: José Barberán
(under the auspices of the ISC and FESCI)**

INTERNATIONAL SOCIETY OF CHEMOTHERAPY
INFECTION AND CANCER

The Federation of the European Societies
for Chemotherapy and for Infections

Information: info@fungal2008.com

PROGRAM

Friday, February 29

10:00-14:00 Registration

11:00-13:00 Welcome buffet

13:30-14:00 Introduction to the Conference

**Jose A. García Rodríguez
Presidente de la SEQ
Servicio de Microbiología Clínica
Hospital Clínico. Salamanca**

**Juan J. Picazo
Vice-Presidente de FESCI
Hospital Clínico San Carlos. Madrid**

**José Barberán
Hospital General de la Defensa
Madrid**

Friday, February 29

14:00-16:00

CANDIDEMIA IN THE CRITICALLY ILL PATIENT

Chairperson: Juan J. Picazo

Vice-President of FESCI

Hospital Clínico San Carlos. Madrid.

Prof. Teresita Mazzei

Secretary General (President Elect)

International Society of Chemotherapy

Department of Preclinical and Clinical Pharmacology

Florence, Italy

14:00-14:15 Introduction

Juan J. Picazo

Vice-President of FESCI

Hospital Clínico San Carlos, Madrid.

14:15-14:45 Epidemiology of candidemia

Emilio Bouza

Hospital Gregorio Marañón, Madrid.

14:45-15:15 Treating Candidemia in 2007 – Therapeutic strategies and challenges

Josep M. Mensa

Hospital Clinic, Barcelona

15:15-15:45 Anidulafungin: a new option for candidemia treatment

Daniel H. Kett

Director, Medical Intensive Care Unit

Division of Pulmonary/Critical Care Medicine

University of Miami School of Medicine

Jackson Memorial Hospital

15:45-16:00 Discussion

**Friday, February 29
16:30-18:30**

**FUNGAL INFECTIONS IN IMMUNOCOMPROMISED PATIENTS
AND TRANSPLANT RECIPIENTS**

Chairperson Jose M. Aguado
Infectious Diseases Service
Hospital Universitario 12 de Octubre, Madrid

Prof. Andrea Novelli
Secretary General of FESCI
Department of Preclinical and Clinical Pharmacology
Florence. Italy

UPDATE ON FUNGAL INFECTION

- 16:30-16:50 Introduction
Jose M. Aguado
Infectious Diseases Service
Hospital Universitario 12 de Octubre, Madrid
- 16:50-17:10 Changing epidemiology and risk factors of invasive fungal infection in transplant recipients
Julián de la Torre
Infectious Diseases Service
Hospital Reina Sofía, Córdoba
- 17:10-17:30 Clinical relevance of resistance to antifungals
Juan L. Rodríguez de Tudela
National Microbiology Center, Instituto Carlos III, Madrid
- 17:30-17:50 Emerging importance of infection by Zygomycetes in organ transplant recipients
Nina Singh
Veterans Affairs Medical Center
University of Pittsburgh, USA
- 17:50-18:10 Risk factors for systemic fungal infections in hematopoietic stem cell transplantation
Isabel Ruiz
Infectious Diseases Service
Hospital Vall d'Hebron, Barcelona
- 18:10-18:30 Treatment of invasive mycosis: current approaches (Ambiload Study)
Patricia Muñoz
Clinical Microbiology Service
Hospital Gregorio Marañón, Madrid

Saturday, March 1
9:00-11:00

MANAGEMENT OF THE PATIENT WITH INVASIVE FUNGAL INFECTION

Chairperson: Patricia Muñoz
Clinical Microbiology Service
Hospital Gregorio Marañón. Madrid

Jorge Garbino MD, PHC
Chairman ISC Working Group on Fungal Infections
University Hospitals of Geneva
Geneva, Switzerland

- UPDATE ON FUNGAL INFECTION**
- 09:00-09:15 Introduction
Patricia Muñoz
Clinical Microbiology Service
Hospital Gregorio Marañón, Madrid
- 09:15-09:45 Mechanism of action and sequential election of antifungals
in the management of invasive fungal infection
Josep M. Mensa
Hospital Clínic, Barcelona
- 09:45-10:15 Management of invasive fungal infection in the onco-hematologic patient:
from prophylaxis to empiric and specific treatment
Rafael de la Cámara
Hospital de la Princesa, Madrid
- 10:15-10:45 Management of invasive fungal invasion in the critical,
non-neutropenic patient: from prophylaxis to early and
specific treatment
José Garnacho
Hospital Virgen del Rocío, Sevilla
- 10:45-11:00 Discussion

Saturday, March 1
11:15-13:15

INVASIVE FUNGAL INFECTION IN THE HEMATOLOGIC PATIENT

Chairperson: Jose A. García Rodríguez
President of SEQ
Clinical Microbiology Service
Hospital Clínico, Salamanca

Albert Pahissa
Departamento de Enfermedades Infecciosas
Hospital Universitari Vall d'Hebron. Barcelona

- 11:15-11:30 Introduction
Jose A. García Rodríguez
Clinical Microbiology Service
Hospital Clínico, Salamanca
- 11:30-12:00 Invasive fungal infection in hematologic patients
Miguel A. Sanz
Hospital La Fe. Valencia
- 12:00-12:30 Prognostic factors and treatment options in invasive Aspergilosis
Raoul Herbrecht, MD
Departement d'Hematologie et Oncologie
Hospital de Hautepierre, Strasbourg. France
- 12:30-13:00 Voriconazole as first line treatment or salvage therapy in haematological patients with IFI
Enric Carreras
Hospital Clinic. Barcelona
- 13:00-13:15 Discussion

Saturday, March 1
14:30-15:30

**UPDATE ON THE PREVENTION OF INVASIVE FUNGAL INFECTIONS
IN ONCOHEMATOLOGIC PATIENTS**

UPDATE ON FUNGAL INFECTION

- Chairperson: Rafael de la Cámara
Hematology Service
Hospital Universitario de La Princesa. Madrid
- 14:30-14:45 Epidemiology and diagnosis of fungal infection in the hematologic patient
Manuel Cuenca Estrella
Mycology Unit, National Mycology Service
Instituto de Salud Carlos III
Majadahonda. Madrid
- 14:45-15:00 Review of antifungal prophylaxis. Presentation of recent studies
Prof. Oliver Cornelly
Medical Director, Clinical Trials Center
University Hospital of Cologne. Germany
- 15:00-15:15 European and American guidelines for antifungal prophylaxis
Rafael de la Cámara
Hematology Service
Hospital Universitario de La Princesa. Madrid
- 15:15-15:30 Discussion

Saturday, March 1
15:30-16:30

**CURRENT TOPICS IN FUNGAL INFECTION IN CRITICALLY ILL
AND TRANSPLANT PATIENTS**

Chairperson: Miguel Salavert Lletí
Infectious Diseases Unit
Hospital Universitario La Fe. Valencia

15:30-15:45 Introduction
Miguel Salavert Lletí
Infectious Diseases Unit
Hospital Universitario La Fe. Valencia

15:45-15:55 Candidemia and invasive candidiasis in the intensive care unit:
a critical review of recent guidelines
Marcio Borges
Internal Medicine Service, Critical Patients
Hospital Son Llàtzer. Palma de Mallorca

16:00-16:25 Invasive fungal infection in lung transplantation:
role of aerosolized amphotericin B
Amparo Solé
Cystic Fibrosis and Lung Transplant Unit
Hospital La Fe. Valencia

UPDATE ON FUNGAL INFECTION

**Saturday, March 1
16:30-17:00**

SPECIAL LECTURE

Presentation:

**Juan J. Picazo
Vice-Presidente de FESCI
Hospital Clínico San Carlos. Madrid**

**CURRENT SITUATION OF THE TREATMENT OF INVASIVE FUNGAL INFECTION
Ben E. de Pauw**

University Medical Center, Nijmegen. The Netherlands

UPDATE ON FUNGAL INFECTION
